Program Statement:

Our (Early Learning and) Child Centres and School Age Programs strive to provide a positive learning environment for your child to enhance his or her level of development through play experiences and the guidance of professionally trained Registered Early Childhood Educators (and Assistants) who are members of and in good standing with the Ontario College of Early Childhood Educators. Employees, students and volunteers will review this program statement prior to interacting with the children and at least once annually and when this statement is modified.

We believe children are "competent, capable, curious and rich in potential".

Our Early Learning Centres use the *How Does Learning Happen, (HDLH) Ontario's Pedagogy for The Early Years - 2014*¹ as the document to guide programming and pedagogy²

For the children, their families and our employees, our program strategies are designed to foster physical, social, emotional, intellectual, creative and spiritual development by offering experiences that promote:

- a) Health, safety, nutrition and well-being;
- b) Curiosity, creativity, initiative and independence;
- c) Self-esteem, confidence and decision making capabilities;
- d) Respect for themselves, others and their environment;
- e) Encourage responsive feelings of friendship and consideration;
- f) Communication and interaction to foster positive responsive relationships;
- g) Self-regulation and co-operation;
- h) Inquiry based play through child initiated exploration and adult-support experiences;
- i) A well balanced daily schedule that includes active indoor and outdoor play as well as rest/quiet time that provides consideration to individual needs;
- j) Integration of children with challenging needs. Along with the assistance of various resource services in the community, we strive to meet the needs of all children.
- k) Document and review the impact of the strategies set out in (a) to (j) on the children and their families.

As stated in the *How Does Learning Happen?* document, "Learning and development happens within the context of relationships among children, families, educators and the environment." Our qualified staff, students and volunteers guide the early learning environment to promote the Four Foundations of *How Does Learning Happen?* These four foundations include: Belonging, Well-Being, Engagement and Expression. Our staff, students and volunteers use these foundations to provide a nurturing environment that creates a vision for all children's future potential. Our staff, students and volunteers are supported to participate in continuous professional learning. They are required to document and review the impact of the strategies as stated above on the children and their families. Our staff, students and volunteers are also monitored throughout the year to ensure that all components of this program statement are implemented in the operation of each program.

Our goal is to provide a secure and safe learning environment through enjoyable experiences for all children attending our program. We involve local community partners and allow those partners to support children, their families and our staff, students and volunteers.

Canada Wide Early Learning and Child Care Agreement

Ontario signed an agreement – Canada Wide Early Learning and Child Care Agreement (CWELCC) in March 2022, that will lower licensed child care fees to an **average** of \$10 per day for children 5 and under. Muskoka Family Focus has made the decision under the guidance of our Board of Directors to opt into this agreement. Families who have children enrolled in licensed child care where the agency has opted into the agreement with the Province will see a 54% reduction in fees in 2026 with the final reduction to \$10.00 per day once final agreement is met with the province.

***This fee reduction applies only to children who are under 6 years of age and/or who will still be 5 years of age at the end of June 2026.**

Financial Assistance: The District of Muskoka can provide financial assistance for families who are eligible. You may call the District Office Community Services department at 645-2412 or 1-800-461-4215 Monday through Friday and ask to speak to an intake worker.

Arrival and Departure: To ensure the safe arrival of your child(ren), program Educators will need to know in advance of any change in your child's schedule. If your child will not be attending the program due to illness or will be arriving late please inform the program facilitator by calling the program number located on page 2 of this document. This is the Educator's cellular phone, which has a message centre. Messages are checked at the beginning of the program and the phone is in use while the program is open. In an emergency, a telephone call may be acceptable. Anyone picking up your child must be 13 years or older. Educators will ask for identification from the person who is picking up the child. **The Educator will call to confirm your child's absence or additional days of attendance as per the Safe Arrival and Dismissal Policy.**

Pick Up and Closing Info:

If you are unable to pick up your child by your scheduled time 4:30 or 5:00 p.m if in extended day program, please authorize and have someone else on your pick up list to do so. No child will be released to a person not authorized in

writing by you. Names of authorized people must be indicated on the Release Consent section of the registration form.

- The Program closes promptly at 4:30 p.m. and a **\$1.00 per minute fee will be charged to parents who are late**. This amount will be billed on your invoice. If this happens 3 times, we reserve the right to discontinue care. This time does not apply to children enrolled in extended care. Late fees and policy will apply to them for late pickup after 5:00 pm.
- If you foresee being late, please call and let us know; perhaps some arrangements can be made for an alternate pick up person.
- Be punctual; our Educators have families to get home to.
- If by pick up time(4:30 or 5:00 p.m.) a parent has left no message and the educator is unable to reach the parent, the emergency person named on your registration form or designated by the parent will be called.
- If this person cannot make arrangements to pick up the child at once or no contact is made with parent or alternate, the Simcoe Muskoka Family Connexions (CAS) will be called to pick up the child at 5:30 p.m. Our Educators cannot be made responsible.
- Our Educators will take the necessary action to protect the children in our care if there is suspicion the parent or person picking up the child is under the influence of alcohol or drugs including recreational marijuana. An alternate person will be contacted to pick up the child. CAS and or the OPP may also be contacted if co-operation is challenging, or our Educator(s) feel the child is in need of protection.

In the case of a separation between parents, both parents will need to agree to the authorized people on the pickup list. If legal court documents specify otherwise, then that is what will be followed. Any changes to the authorized pick-up list must be in writing. Parents must provide us with any legal documents pertaining to their custody arrangements and provide updates as they happen.

Fire Procedure: In order to prepare for a quick and safe departure from the building in the event of fire, a fire procedure is posted for your information and regular monthly fire drills are conducted.

Emergency Management Procedure: MFF&CP has emergency management procedures in place including in the event this facility has to be vacated an emergency location has been established and is listed on the cover page of this document. All parents would be notified by phone as to a designated pick-up spot in the case of an emergency. This information will also be posted on our Facebook page and our website and announced on the local radio station. **In the event of an emergency where our Educators feel medical attention is necessary, 911 will be called.*

Snacks and Bag Lunch: You must provide your child with 2 healthy snacks and a healthy lunch each day. Please avoid sending sugary snacks and drinks. Please provide your child with a refillable water bottle each day. Any food and/or drinks including water bottles supplied by the parents must be labelled with the child's name on it and date. Please refrain from sending food that contains peanuts/tree nuts.

Allergies, Anaphylaxis and Special Dietary Needs:

Please provide details of any allergies or special dietary needs that you have provided on your registration form, ie: bee stings, peanuts, milk etc. Parents are required to review their child's needs (anaphylactic allergens, intolerances, etc.) with the Program Supervisor and notify the Supervisor of any changes as they occur. The foods that need to be omitted from your child's diet will be posted in the kitchen and classroom areas. If an "epi-pen" is required for an emergency situation, it will be carried with the educator at all times.

Our programs endeavor not to use peanut products; however, we cannot guarantee a peanut free environment. Parents are responsible for managing their children's peanut allergies. In order to provide a safe environment, please do not bring and/or send peanut products to the programs. Any other allergen that is life threatening will be given the same consideration and parents will be notified of this.

It is imperative that you keep us informed of any changes in your child's health.

Individual Support Plans(ISP) are required for children with exceptionalities and/or special needs due to a diagnosis or medical condition. These plans must be completed prior to the child starting care, in consultation with the parent or guardian, and must be signed and dated.

ISPs provide essential information outlining how educators and support staff will respond effectively and efficiently to medical or support needs. They are designed to help create a safe, inclusive, and supportive environment for all children in our programs.

Parents/guardians are responsible for informing the child care provider of any updates or changes to the plan—such as a new diagnosis, triggers, required supports, or equipment.

Plans must be reviewed and updated every six months, and a new plan is required at the beginning of each school year. All ISPs will be shared with educators involved in the care and support of the child to ensure consistency and preparedness.

Toilet Trained: Your child needs to be **fully** toilet trained to attend our School Aged Programs.

Field Trips and Outdoor Time: On occasion our program may involve excursions away from the premises. You will be advised of any major outings and asked to sign a permission form allowing your child to participate. The After School Programs go outside for a minimum of 30 minutes per day (weather permitting) and 2 hours per day for our full day School Age Programs.

Personal Belongings: Children may bring books, games or activities to our programs, at the discretion of the Educator. Please make sure they are clearly marked with their names, as we cannot be held responsible for lost or stolen items.

Communication: Educators at our School Age Programs enjoy and appreciate the opportunity to communicate openly with the parents of the children they care for at the time of departure. Please allow adequate time for discussion. (Please note that the program closes at 6:00 p.m.) **Please advise our Educator in writing when there are any changes in information to your child's registration form.** It is to your child's benefit to keep our records up to date. If you have any suggestions or concerns, please feel free to discuss them with our Educator or call the Program Supervisor whose number is listed on the cover page of this document. Please keep this parent handbook for easy reference. Please advise your Educator if your child's needs change throughout the school year. For example: your child requires EA support. Program Supervisors and educators will send communication throughout the year via email, call, text and as well the Lillio App (where being used)

MFF&CP requires parents and family members to communicate in a non-threatening, respectful and peaceful manner when speaking with our Educators and Supervisors 'face to face' or via e-mail as well as any communication relating to our organization and its educators through social media and/or community groups. Any inappropriate, disrespectful behaviours from parents may result in the child being asked to leave the Program. Our Educators and Supervisors are expected to do the same with parents and family members.

Accessibility for Ontarians with Disabilities Act (AODA) – Customer Service Standard Policy: Muskoka Family Focus and Children's Place is in compliance with the AODA. We are committed to developing policies, practices and procedures that provide accessible quality services to its clients and their children. MFF&CP is dedicated to ensuring all programs and services are accessible to clients and their children in accordance with Ontario Regulation 429.07 Accessibility Standards for Customer Service.

Prohibited Practices and Behaviour Management: Muskoka Family Focus & Children's Place will not permit the following Prohibited Practices:

- a. Corporal punishment or restraint of a child by an employee, a student, a volunteer or by another child or group of children.
- b. Deliberate harsh or degrading measures that would humiliate, shame or frighten a child or undermine a child's self-respect, example: name calling, yelling or singling a child out in a negative way.
- c. Physical restraint of the child, such as confining the child to a highchair, car seat, stroller or other device for the purposes of discipline or in lieu of supervision, unless the physical restraint is for the purpose of preventing a child from hurting himself, herself or someone else, and is used on as a last resort and only until the risk of injury is no longer imminent.
- d. Deprivation of a child of basic needs including food, drink, shelter, clothing, bedding, sleep and toilet use.
- e. Locking or permitting to be locked without adult supervision for the purpose of confining a child, the exits of any building or structure where children are in attendance at any program operated by MFF&CP. **The exception to this section of the procedure is during an emergency when children could be confined to a room temporarily until the emergency is resolved as it relates to MFF&CP Emergency Management Plan.* The use of a locked or lockable room or structure to confine or isolate a child, who has been separated from other children.
- f. Inflicting any bodily harm on children including, but not limited to making children eat or drink against their will. Our program philosophy is to use positive verbal reinforcement, modeling approaches, and redirection to encourage respectful behaviour.

Muskoka Family Focus & Children's Place (MFF&CP) is committed to fostering an inclusive and supportive environment for all children, including those who may have behavioral challenges related to a disability. We strive to accommodate children with special needs to the extent possible while maintaining a safe and respectful environment for all children and staff.

We understand that all children will, from time to time, display inappropriate behaviour in our programs. When dealing with such behaviour, the developmental capabilities of each child as well as any relevant stressors will be considered when determining both expectations for behaviour and the consequences of inappropriate behaviour. Educators agree that ensuring a safe, supportive, and respectful environment for all children is essential. The behavior of children should be guided by appropriate expectations, helping them develop social skills, emotional regulation, and positive interactions. Examples of **inappropriate and unacceptable**

behavior in a child care setting may include but are not limited to: Physical and verbal aggression, disrespectful or defiant behaviour, intimidation or bullying, destructive or self-harming behaviour, exit seeking behaviour. Educators encourage age-appropriate positive problem solving when helping the children to work through conflict and upset.

Educators will inform the parent of incidents using an ABC Incident report. Parents are asked to sign the report and may keep a copy.

In the case of persistent inappropriate or unacceptable behavior, where the child's behavior continues to pose a challenge, we will work closely with the child's parents to ensure the appropriate level of support. If the situation escalates and proper support cannot be provided by our team, parents/guardians will be notified in writing. This communication will request a meeting to discuss the child's continued participation in the program and whether alternative arrangements need to be made. As a last resort, and if after careful consideration we cannot meet the child's needs, a written notice may be issued asking the child to leave the program temporarily or permanently, depending on the severity and frequency of the incidents. This action would only be taken after exhausting all possible accommodations and strategies

- Prior to dismissing the child from care, the employee will review the written instructions for release provided by the parent/guardian and release the child at the time set out in the instructions.
- The employee will document the time of departure from care and as well as their initials on the attendance record.

Supervision of Volunteers and Students: Muskoka Family Focus and Children's Place supports the ongoing learning for volunteers and students. Volunteers and students occasionally participate or complete placements at our programs. Volunteers and students are required to provide a vulnerable sector check and the following are adhered to:

- No child is supervised by a person under 18 years of age
- Volunteers and students will be supervised at all times by a MFF&CP employee
- Only employees will have unsupervised access to children
- Volunteers and students may not be counted in staffing ratios

Serious Occurrence Notifications: The safety and well being of our children in licensed child care programs is our highest priority. Operators of licensed child care programs work diligently to provide a safe, creative and nurturing environment for each child. In spite of all the best precautions, serious occurrences can sometimes take place.

The Ontario government has introduced a new policy that requires licensed child care programs to post information about serious occurrences that happen at a centre. To support increased transparency and access to information, a "Serious Occurrence Notification Form" must be posted at the program in a visible area for 10 days.

Serious occurrence categories include:

a) the death of a child who received child care at a home child care premises or child care program, (b) abuse, neglect or an allegation of abuse or neglect of a child while receiving child care at a home child care premises or child care program, (c) a life-threatening injury to or a life-threatening illness of a child who receives child care at a home child care premises or child care program, (d) an incident where a child who is receiving child care at a home child care premises or child care program goes missing or is temporarily unsupervised, or (e) an unplanned disruption of the

normal operations of a home child care premises or child care program that poses a risk to the health, safety or well-being of children receiving child care at the home child care premises or child care program.

Licensed childcare programs are already required to report serious occurrences to the Ministry of Education, which is responsible for child care licensing. This new policy requires child care operators to post information in their facilities so that parents also have access to it.

Health and Safety: We are unable to administer prescription or non-prescription medication with the exception of asthma medication, Epi-pens or other medications for life threatening conditions.

If your child is ill please call the program becomes ill during the day we will requested pick up. If your child arrives at the program and becomes is ill, our Educator will strive to find a quiet, supervised spot (isolation) for him/her to rest and notify you to pick up. Occasionally when there is one Educator at a program it becomes difficult to isolate, however we will do our best as per our guidelines provided by the Simcoe Muskoka District Health Unit. Children may not attend the program if they have a fever, diarrhea, vomiting, or any infectious illness. They may return to the program after they have been symptom free 24 hours (fever or infectious illness) or 48 hours for diarrhea and/or vomiting from their last symptom.

****Our programs follow all health guidelines, requirements and regulations for licensed child care programs from the Simcoe Muskoka District Health Unit.***
